

EMERGENCY EVACUATION DRILL

In adherence to commit a safety work place environment, FNRCO conducted a mock emergency drill in its Head Quarter in Riyadh. The drill is part of its EH&S Programmed which aims to promote an awareness to all staff and to familiarize the building emergency exits, assembly points, emergency horn, emergency signs and the do's and don'ts in case emergency evacuation.

The Emergency Evacuation Drill Training was headed by the FNRCO Safety Committee – Chairman, Mr. Ali Jaber Deeb Al Yami, along with its members and the Head of the Departments. The drill was supervised and monitored by the FNRCO Central Safety Manager, Engr. Mohammed Faisal along with the assigned Fire Marshalls and Wardens.

The mock drill is successfully executed on 27th May 2021 at 15:40 Hrs. and achieved Three (3) Minutes of complete evacuation with zero- accident. The drill was participated by 72 Head Office employees.

FNRCO shows its commitment to comply with the safety workplace practice in spite of the current situation due to COVID-19 pandemic. FNRCO ensure that precautionary measures are followed during the drill. Safety committee teams managed to safely carry out the exercise by maintaining social distance in place and ensure that all participants are wearing their protective face masks.
